2012 *Scientific Assembly*

Courses by Day and Time

DAY 1 – MONDAY, OCTOBER 8

8:00 AM - 8:50 AM

- Blocks Unblinded: Ultrasound-Guided Regional Anesthesia / MO-01
- Coke, Speed, and Bath Salts – The Spectrum of Stimulant Abuse / MO-02
- Cranial Nerves: When is it an Emergency? / MO-03
- Cruising the Literature: EMS 2012 / MO-04
- Everyday Leadership: Secrets From Great Minds Through the Ages / MO-05
- From X-Rays to Antiemetics: Difficult Decisions in the Pregnant Patient / MO-06
- Master Clinician Series: The Symptom-Specific Rapid Neuro Examination / MO-07
- Top Ten Eye Emergencies: Don't Be Blind to the Diagnosis / MO-08
- Ventilator Management: So You Think You Know How? / MO-09
- Yea, Yea, You Have Hypertension - Oh Wait, You Mean Pulmonary Hypertension! / MO-10

8:00 AM - 9:50 AM

- Slit Lamp Skills Lab / MO-11
- Stop the Madness: Reducing Unnecessary Radiation in Patients with Suspected Pulmonary Embolism / MO-12

8:00 AM - 10:50 AM

- Advanced Bedside Echocardiography Lab / MO-13

9:00 AM - 10:30 AM

- OPENING SESSION - Town Hall Meeting: The Future of Healthcare - Emerging Issues and Current Efforts to Bridge the Gaps / MO-14

10:00 AM - 11:50 AM

- Ultrasound-Guided Regional Anesthesia Lab / MO-15

10:30 AM - 12:30 PM — LUNCH - VISIT THE EXHIBITS

12:30 PM - 1:20 PM

- Bone Chillin'! Orthopedic Reductions and Regional Blocks / MO-16
- Case Studies of Subtle Presentations of Devastating Neurological Conditions / MO-17
- Critical Care Update 2012: The Year in Review / MO-18
- Just the Pearls: EMS for the Non-EMS Emergency Physician / MO-19
- Mistakes You Do Not Want to Make in Pediatric Patients / MO-20
- Non-Invasive Airway Management: What, How, Why? / MO-21
- One Pill Can Kill: Pediatric Poisoning / MO-22
- Psychology of Waiting / MO-23
- Trauma Management: A Visual Approach to Pearls and Pitfalls / MO-24
- Visual Diagnosis: Genitourinary Emergencies & Procedures / MO-25

12:30 PM - 2:20 PM

- ED Overcrowding Workshop: Overcoming Barriers and Improving Outcomes / MO-26
- Slit Lamp Skills Lab / MO-27

1:00 PM - 5:30 PM

- National Emergency Medicine Clinical Pathological Case Conference (CPC) Finals / MO-28

1:30 PM - 2:20 PM

- Abdominal Pain in Children: Is CT Really Necessary? / MO-29
- Acute Decompensated Heart Failure: Cutting-Edge Therapies to Benefit Now and Later / MO-30

- Advanced Practical Pediatric Procedural Sedation / MO-31
- As the World Turns: Dizziness and Vertigo in the Emergency Department / MO-32
- Beyond the ED: Expanding the ED Revenue Stream / MO-33
- Pains in the Neck!: A Collection of Critical Complications / MO-34
- Procedural Sedation: The Nuts and Bolts / MO-35
- Reading a Head CT: What Every Emergency Physician Needs to Know / MO-36
- Speaking Like a Pro / MO-37
- What's Afoot?: Five Foul Foot Fractures / MO-38

1:30 PM - 3:20 PM

- Ultrasound-Guided Regional Anesthesia Lab / MO-39

2:30 PM - 3:00 PM — BREAK - VISIT THE EXHIBITS

3:00 PM - 3:50 PM

- Advanced Health Policy: What's Changing in Healthcare Delivery? / MO-40
- Diabetic Keto-Acidosis, and Hyperosmolar Hyperglycemic State: Presentation, Practice, Pitfalls and Pearls / MO-41
- Focused Ortho 2012: What You "Knee'd" to Know / MO-42
- Glands Gone Bad: Endocrine Emergencies / MO-43
- GOTCHA! The Medical Chart: Anticipating the Lawyer's Review / MO-44
- ICH – Evidence-Based Approach to the "Other" Stroke / MO-45
- From Paper to Patient: Recent Advances in Emergency Electrocardiography That Will Save a Life / MO-46
- The Quality Agenda / MO-47
- Reading a Trauma CT / MO-48
- The Unexpected Difficult Airway: How to Avoid It and How to Manage It / MO-49
- Virtual Tox: Visual Clues in Poisoned Patients / MO-50

3:00 PM - 4:50 PM

- Slit Lamp Skills Lab / MO-51

3:00 PM – 6:00 PM

- Advanced Bedside Echocardiography Lab / MO-52

4:00 PM - 4:50 PM

- The Crashing Patient: Clinical Pearls for Pre- or Post-Cardiac Arrest / MO-53
- Critical Care for the Morbidly Obese Patient / MO-54
- End of Life Care: What is the Emergency Physician's Role? / MO-55
- Heroic Procedures You Should Know / MO-56
- The High-Risk Hand / MO-57
- Manifestations of Irritations from Infestations: Icky Creatures and Bites / MO-58
- Nightmare ENT Emergencies / MO-59
- Overwhelmed and Understaffed: Ramping Up for Local Disasters / MO-60
- Ready or Not, Here it Comes: The National EMS Scope of Practice Model & Educational Standards / MO-61
- Revving up RVUs! Update on Reimbursement FAQs / MO-62
- Vertigo Skills Workshop / MO-63

4:00 PM – 6:00 PM

- Ultrasound-Guided Regional Anesthesia Lab / MO-64

5:00 PM - 6:00 PM

- Common ED Complaints in the First 28 Days of Life / MO-65
- ACLS Guidelines 2012: The Update / MO-66
- Wilderness Medical Improvisation: What Would MacGyver Do? / MO-67
- Can't Face It? Swollen Beyond Recognition / MO-68
- Critical Care Emergency Ultrasound / MO-69

- Improving Front-End ED Flow: Successful Change Management / MO-70
- Orthopedic Pearls and Pitfalls / MO-71
- Races and Community Events — When the Free T-Shirt Isn't Enough: Legal, Ethical, and Practical Considerations / MO-72
- Time and the Spine: An Age Based Approach to SCI / MO-73
- TTP, HUS, HIT, ITP…HELP! / MO-74
- Vertigo Skills Workshop / MO-75

DAY 2 – TUESDAY, OCTOBER 9

8:00 AM - 8:50 AM

- Acid-Base Made Easy / TU-76
- Call it a Sabbatical, Light Duty, or Whatever: Just Don't Call it "Retirement!" / TU-77
- High-Risk Orthopedic Injuries / TU-78
- New Cardiac Drugs: How, What, and When to Use Them in the ED / TU-80
- No More Bloody Mess: A Practical Guide to Ending ED ENT Bleeding / TU-81
- The Psychiatric ED Patient – Special Handling Needed! / TU-82
- Ready or Not, Here I Come: The Critical Child in Your ED / TU-79
- Toxicology Lab / TU-83
- Undifferentiated Shock: Making a Difference / TU-84
- Visual Diagnosis in Emergency Medicine: Head and Neck / TU-85
- Who Ate the Shrooms?: Poisonous Plants and Fungi / TU-86

8:00 AM - 9:50 AM

- Advanced Airway Techniques Lab / TU-87
- Critical Care: An Interactive Experience / TU-88
- Critical Care Emergency Ultrasound Lab / TU-89
- Simulation Lab ABCs: Can You Manage These Critical Cases? / TU-90
- Slit Lamp Skills Lab / TU-318
- Ultrasound-Guided Regional Anesthesia Lab / TU-319

9:00 AM - 9:50 AM

- Acidosis Alphabet Soup / TU-91
- Anti-DON'Ts: Cases in Poisoning Management / TU-92
- Cruising the Literature: Pediatric Emergency Medicine 2012 / TU-93
- Cutting-Edge: Controversies in Critically Ill Cardiac Patients / TU-94
- Management of Difficult Dislocations / TU-95
- Non-Invasive Methods for Monitoring Critical ED Patients / TU-96
- Preparing for Your Deposition/Trial: How This Will Reduce Your Stress / TU-97
- Pulmonary Ultrasound: Who Needs a Chest X-Ray? / TU-98
- RVU Killers: The Most Common Reimbursement Documentation Errors / TU-99
- Women in Medicine: What the Past Can Teach Future Leaders / TU-100

9:00 AM - 11:50 AM

- News Media Training 101 / TU-101

10:00 AM - 10:50 AM

- Code Blue: Communication Breakdown Drives Diagnostic Failure in the ED / TU-102
- Cranial Conundrums: Surprises in Neurologic Emergencies / TU-103
- Critical Update in Toxicology / TU-104
- Essential Ophthalmologic Procedures and Examinations / TU-105
- Geriatric Trauma: How To Avoid Deadly Mistakes / TU-106
- Innovations in Combat Casualty Care: Civilian Applications / TU-107
- Putting the Pieces Back Together: Advanced Wound Closure in the ED / TU-108
- Toxicology Lab / TU-109

- Weekday and Weekend Warriors: Diagnosis and Treatment of Sports Injuries in the ED / TU-110
- When To Say When!: Managing Patients' Demands! / TU-111
- You Took the Words Right Out of My Mouth! Use of Medical Scribes in the ED / TU-112

11:00 AM - 12:30 PM — LUNCH - VISIT THE EXHIBITS

12:30 PM - 1:20 PM

- Angry Birds, Angry Patients – Protecting Yourself from the Unexpected / TU-113
- Critical Decisions in Chaotic Situations - Error Reduction: Tools and Techniques / TU-114
- Fixing Faces Painlessly: Facial Anesthesia, Regional Blocks / TU-115
- I'd Scan That! Effective Diagnostic Trauma Imaging / TU-116
- Life-Threatening Weakness: Strengthen Your Diagnostic Skills / TU-117
- Master Clinician Series: Visual Diagnosis / TU-118
- The Pediatric Risk-Free Emergency Department: Reducing Malpractice Exposure / TU-119
- P.O.O.P. Pathology: Why "Pain Out of Proportion" Kills / TU-120
- Wilderness 911: Alpine Search and Rescue / TU-121

12:30 PM - 2:20 PM

- Advanced Airway Techniques Lab / TU-122
- Advanced Electrocardiography Workshop Part I: Myocardial Ischemia and Its Mimics / TU-123
- Critical Care Emergency Ultrasound Lab / TU-124
- Low Risk Chest Pain – An Innovative Workshop to Improve Care / TU-125
- Simulation Lab ABCs: Can You Manage These Critical Cases? / TU-126
- Slit Lamp Skills Lab /TU-320
- Ultrasound-Guided Regional Anesthesia Lab /TU-321

1:30 PM – 2:20 PM

- Airway Nightmares: Case Studies and Horror Stories / TU-127
- Cruising the Literature: Cardiology 2012 / TU-128
- Cruising the Infectious Disease Literature / TU-129
- Health Policy in the 2012 Election / TU-130
- New Concepts in Trauma Care: Lessons from the Wars / TU-131
- Pediatric Bread and Butter: Moving Patients Through Without Getting Toasted / TU-132
- Stayin Alive: Wilderness Survival Strategies / TU-133
- Syncope with a Lethal Twist / TU-134
- 20/20 Vision: A Twenty Year Perspective on Pediatric Emergency Medicine (*James D. Mills, Jr. Memorial Lecture*) / TU-135

2:00 PM - 3:50 PM

- Surviving "Gotcha" Journalism / TU-136

2:30 PM - 3:00 PM — BREAK - VISIT THE EXHIBITS

3:00 PM - 3:50 PM

- Advanced Recognition and Treatment of Tachycardias / TU-137
- Benchmarking Your Way To Success / TU-138
- Best Practice of Emergency Care in the Alcohol Impaired Patient / TU-139
- Evidence-Based Minor Trauma Management / TU-140
- Medicine and Politics - An Insider's View on Why You Need to Get Involved / TU-141
- Observation Units, CDUs, and Chest Pain Centers: The State of the Art in 2012 / TU-142
- The Ouchless ED: What's New in Pediatric Procedural Pain Management? / TU-143
- Patient Satisfaction: Point/Counterpoint / TU-144
- Procedural Ultrasound / TU-145
- Third Trimester and Postpartum Disasters / TU-146
- To Tell the Tooth: Dental and Oral Emergencies / TU-147

3:00 PM - 4:50 PM

- Advanced Airway Techniques Lab / TU-148
- Critical Care Emergency Ultrasound Lab / TU-149
- Slit Lamp Skills Lab /TU-322
- Ultrasound-Guided Regional Anesthesia Lab /TU-323

4:00 PM - 4:50 PM

- Bridging the Gaps / TU-150
- Infections from Abroad: Unwanted Souvenirs / TU-151
- Oh No, Not Another Meeting! Conducting Effective Meetings / TU-152
- Optimizing Patient Flow in the Emergency Department / TU-153
- Spot and Stop the Clot: Venous Thromboembolism / TU-154
- Ten Most Commonly Missed Radiographic Findings in the ED / TU-155
- Toxicology By The Numbers: Formulas, Doses, Toxic Levels, and More / TU-156
- Venous Ultrasound in the ED: From Access to DVT Detection / TU-157

4:00 PM - 5:30 PM

- Cutting-Edge: Highlights of Emergency Medicine Research / TU-158

4:00 PM - 6:00 PM

- Clinical Pearls From the Recent Medical Literature (Part I) / TU-159
- Stump the Experts: Cardiac Edition / TU-160

5:00 PM - 6:00 PM

- Abdominal Pain That Can Kill / TU-161
- Classic Pediatric Rashes / TU-162
- C-Spine Imaging: Making Sense of Who to X-Ray, CT Scan or MRI / TU-163
- Dangerous Practices in the Pediatric Patient / TU-164
- Emergency Physician Liability Related to Triage, Crowding, and Boarding / TU-165
- Hot as Hell and Cold as Ice: Temperature Related Illness and Injury / TU-166
- Make Yourself a Better Physician: Calculating and Communicating Medical Risk with Your Patients at the Bedside / TU-167
- The Top Articles of 2012 / TU-168
- Vasopressor Use in the Emergency Department / TU-169

DAY 3 – WEDNESDAY, OCTOBER 10

8:00 AM - 8:50 AM

- Applying the Principles of Lean Management to Healthcare / WE-170
- Chest Pain and Syncope in Children: Cause for Concern? / WE-171
- Combative, Convulsing, and Crazy: Care of the Altered and Agitated Patient / WE-172
- Critical Care for the Non-Intensivist / WE-173
- Disease or Drug Diversion? Dealing With the Difficult Drug Dependent Patient / WE-174
- Field Triage Guidelines 2012: A Moving Target / WE-175
- It's Not Only a Concussion: Evaluation, Treatment and Disposition of the Minor Head Injured Patient / WE-176
- Rapidly Fatal Infections / WE-177
- What's New in EMTALA?: The Fastest Growing Area of Liability Related to the ED / WE-178

8:00 AM - 9:50 AM

- Advanced Airway Techniques Lab / WE-324
- Advanced Electrocardiography Workshop Part II: Dysrhythmias and Syncope / WE-179
- Emergency Dental Skills Lab / WE-180
- Procedural Ultrasound Lab / WE-181
- Venous US in the ED: DVT Skills Lab / WE-182

9:00 AM - 9:50 AM

- Approach to the Febrile Child 36-Months-of-Age and Younger in the ED: Where Do We Stand? / WE-183
- Getting Your Piece of the Pie — ACO Models and "ACE": The Answer or the Black Hole? / WE-184
- Hospital-Wide Patient Flow: Cracking the Code / WE-185
- Life-Threatening Radiographic Emergencies in the Pediatric Patient / WE-186
- Master Clinician Series: The Rapid, High-Yield Ortho Exam in the ED / WE-187
- Number Needed to Treat: Pinpointing ED Interventions that Matter Most / WE-188
- Pacemakers and AICDs: Short Circuit of the Electronic Heart / WE-189
- The Pinnacle: ECG Cases that Would Make an Electrophysiologist Blush / WE-190
- Post-Traumatic Litigation Stress Disorder: Acute and Chronic / WE-191
- Stump-Jumping: Overcoming Administrative Hurdles / WE-192

10:00 AM - 10:50 AM

- The ABC's of Quality / WE-193
- Abdominal Vascular Emergencies: Detection, Diagnosis, and Decision / WE-194
- The Aging Abdomen: Subtle Case Presentations / WE-195
- Anticoagulants, Antiplatelets, Fibrinolytics…Oh My! / WE-196
- Chest Pain: Observation and Rapid Rule Outs / WE-197
- Conquering the Moguls of Healthcare Reimbursement: Heads Up, It's a Double Black Run! / WE-198
- Differential Diagnosis of the Acutely Dyspneic Patient / WE-199
- Head and Neck Trauma in Children: To Scan or Not to Scan and Other Questions / WE-200
- Popular Medical Legal Questions Asked: Now Answered / WE-201
- Your Wall is Showing! - Effective Use of Social Media / WE-202

11:00 AM - 12:30 PM — LUNCH - VISIT THE EXHIBITS

12:30 PM - 1:20 PM

- Abdominal Pain After Bariatric Surgery: What Are the Issues? / WE-203
- Abdominal Pain That Isn't: The Masqueraders / WE-204
- Asthma and COPD, What's Really New with the Wheezers / WE-205
- Best Practices in Approach to Sexual Assault / WE-206
- Clogged or Broken? Troubleshooting Tubes and Lines / WE-207
- Organizing the Chaos: Tricks for Your Daily Grind / WE-208
- Recognizing the Top Ten Pediatric and Adult Rashes / WE-209
- "There's An App for That": Hand-Held Devices and Applications That You Should Know / WE-210
- Trauma Talk: The Latest and The Greatest Trauma Literature / WE-211
- What's Your Liability? On-Call Issues and Transfers: What Every Emergency Physician Must Know / WE-212

12:30 PM - 2:20 PM

- Advanced Airway Techniques Lab / WE-325
- Emergency Dental Skills Lab / WE-213
- Procedural Ultrasound Lab / WE-214
- So You Want a New Job?: Time to Update Your CV / WE-215
- Venous US in the ED: DVT Skills Lab / WE-216

1:30 PM - 2:20 PM

- Advanced Recognition and Treatment of Bradycardias and Blocks / WE-217
- Drug Interactions: Combinations That Kill Your Patients / WE-218
- Infectious Disease Jeopardy / WE-219
- Just the Pearls: Bedside Tips and Tricks for the Critically Ill Patient / WE-220

- Master Clinician Series: The Pediatric Eye Examination / WE-221
- Mastering Chest Radiology: A Systematic Approach / WE-222
- Medical-Legal Risks in Times of Everyday Crisis / WE-223
- Pictures to Ponder: Pediatric Visual Diagnosis / WE-224
- Redesigning Acute Care: How to Survive and Thrive (*Colin C. Rorrie, Jr. Lecture*) / WE-225
- Teamwork: Communication Best Practices / WE-226

2:30 PM - 3:00 PM — BREAK - VISIT THE EXHIBITS

3:00 PM - 3:25 PM

- Acute Pediatric Life-Threatening Events / WE-227
- Protect that Airway! The Perils of Intubating and Sedating a Critically Ill Patient / WE-228
- Service Recovery: Winning Back the Patient After a Bad ED Experience / WE-229

3:00 PM - 3:50 PM

- The Combative, Uncooperative, Arrested, and Threatening Trauma Patient: A Legal, Ethical, and Medical Minefield! / WE-230
- Emergency Delivery: Are You Prepared? / WE-231
- Maintaining Your ABEM Certification: Review of 2012 Lifelong Learning and Self-Assessment Articles: Part I / WE-232
- Real Cases: Bad Outcomes / WE-233
- Revving up Your RVUs Through Critical Care and Procedures / WE-234
- Rocky Mountain High: AMS, HAPE, and HACE / WE-235

3:00 PM - 4:50 PM

- Advanced Airway Techniques Lab / WE-326
- Clinical Pearls From the Recent Medical Literature (Part II) / WE-236
- Emergency Dental Skills Lab / WE-237
- Procedural Ultrasound Lab / WE-238
- Venous US in the ED: DVT Skills Lab / WE-239

3:30 PM - 3:55 PM

- Back Pain: Cases that You Simply Cannot Miss! / WE-240
- Essential Updates: Blood Product Transfusion / WE-241
- Resuscitation for Your Reputation: Recovering from Wrong / WE-242

4:00 PM - 4:25 PM

- Automatic Advanced Crash Notification (AACN): Panacea or Problematic / WE-243
- Avoiding Unnecessary X-Rays: Evidence-Based Rules for Radiography / WE-244
- Update on Upper GI Bleeding / WE-245

4:00 PM - 4:50 PM

- “All Stressed Out” in the Emergency Department: Avoiding Burnout / WE-246
- The Eyes Have It: Pediatric Ophthalmologic Emergencies / WE-247
- The High-Risk Oncology Patient / WE-248
- Maintaining Your ABEM Certification: Review of 2012 Lifelong Learning and Self-Assessment Articles: Part II / WE-249
- No OR? No Problem: Non-Operative Management Today / WE-250
- Subarachnoid Hemorrhage: Who Needs the LP? / WE-251

4:00 PM - 6:00 PM

- Master Clinician Series: Orthopedic Skills Workshop / WE-252

4:30 PM - 4:55 PM

- Cocktail Party Conversations: Hey Doc, What’s This? / WE-253
- The White Blood Cell Count: Friend or Foe? / WE-254
- “Whooping It Up!”: Hacking Coughs and Hocking Patients / WE-255

5:00 PM - 5:25 PM

- Life After Death: Post-Resuscitation Hypothermia / WE-256
- The Love Cocktail: Updates in the Treatment of STIs / WE-257
- Update in the Management of TIA and Stroke Patients / WE-258

5:00 PM - 6:00 PM

- ABEM: MOC, LLSA, APP – Enough! Just Tell Me How to Stay Certified / WE-259
- Acute Respiratory Failure: When Oxygen is Not Enough / WE-260
- Are You Ready to Give tPA in Ischemic Stroke? Practical Considerations for Real-Life Use / WE-261
- Case-Based High Risk Bounce Backs / WE-262
- Challenging Cases in Pediatric Emergency Medicine / WE-263
- Expedition and Wilderness Medicine for the Emergency Physician / WE-264
- Handoffs: Patient Safety and Legal Implications / WE-265

5:30 PM - 6:00 PM

- Burns: Treatment to the Nth Degree / WE-266
- Evidence-Based Management of Everyday ED ENT Complaints / WE-267
- NextGen CPR: Tools for the Experienced Provider / WE-268

DAY 4 – THURSDAY, OCTOBER 11

7:30 AM - 10:00 AM

- Pediatric Procedures Lab / TH-269

8:00 AM - 8:50 AM

- Antibiotic Abyss / TH-270
- CAP Attack!: Bugs and Drugs for Pneumonia 2012 / TH-271
- Dealing with Surgical Advances: Challenges in Postoperative Complications / TH-272
- The Death Rash: Lethal Rashes You Can't Miss / TH-273
- I Didn't Know You Could Ultrasound That! / TH-274
- Medical Liability in the Age of Electronic Health Records / TH-275
- Pediatric Tricks of the Trade: What They Didn't Teach You in Residency / TH-276
- Pocket-Sized Probes: The Top Ten Devices That Will Change What You Carry in Your White Coat / TH-277
- Therapy for Non-ST Elevation ACS: Update 2012 / TH-278
- Tricks of the Trade: Head and Neck Procedures / TH-279

9:00 AM - 9:50 AM

- Advanced Radiology Series: Reading a Chest CT Like a Pro / TH-280
- "Baby Annie, Are You Okay": Current Trends in Pediatric Resuscitation / TH-281
- Beware! The New Hotbed of Litigation / TH-282
- Brain Resuscitation / TH-283
- Half-Baked: Emergencies in the Second Trimester of Pregnancy / TH-284
- New Overdoses / TH-285
- Spider Bites to Necrotizing Fasciitis: Tissue is the Issue / TH-286
- Thoracic Trauma: Answers to Tough Questions / TH-287
- Updates in the Management of Acute Atrial Fibrillation / TH-288
- Death of the Dinosaur: Debunking Trauma Myths / TH-289

10:00 AM - 10:50 AM

- Advanced Neuroimaging for Acute Stroke and Subarachnoid Hemorrhage: What is the Role of CTA, CTP, and MR Techniques? / TH-290
- Cutting-Edge Airways / TH-291
- Financial Planning: "Double Down" is Not a Strategy / TH-292
- Neuro-Critical Care: What Every Physician Needs to Know / TH-293

- No Pain, Big Gain: Effective Pain Management / TH-294
- Pitfalls Series: Pitfalls in Pediatric Chest and Abdominal Radiology / TH-295
- Starbucks, Stairmasters, and Sleeping Pills: Strategies for Success / TH-296
- Technology to Reduce Errors, Not Add Complexity / TH-297

11:00 AM - 11:50 AM

- ALI/ARDS: Preventing the Whiteout from Becoming a Wipe Out / TH-298
- Approach to the Unknown Rash / TH-299
- Bedside Echocardiography: When Seconds Count / TH-300
- CSI MD: When the ED Becomes a Crime Scene / TH-301
- The Economic Meltdown: Planning for Your Retirement in Turbulent Times / TH-302
- The Future is Here: Cutting-Edge Ultrasound in the Emergency Care of Infants and Children / TH-303
- Hook 'em Up to the Fire Hose? IV Fluids, Red Blood Cells, Factor Replacements, and More / TH-304
- From Ordinary to Extraordinary: Critical Care Medicine in the ED / TH-305
- Pediatric Trauma: Little People, Big Problems! / TH-306
- Therapy STEMI: Update 2012 / TH-307

11:00 AM - 1:30 PM

- Pediatric Procedures Lab / TH-308

12:00 PM - 1:00 PM

- Beyond EM: Emergent Interventions in the Developing World / TH-309
- CT in Abdominal Pain: Critical Answers to Difficult Questions / TH-310
- Doctor, the Patient's Blood Pressure is Elevated! / TH-311
- Don't Blink: Plain Film Diagnoses You Cannot Afford to Miss / TH-312
- NEW Drugs of Abuse / TH-313
- Pediatric Airway Panic or Advanced Pediatric Airway Management? / TH-314
- Suppressed & Depressed: Immunosuppressants and Immunomodulators in the ED / TH-315
- Telemedicine: It's Not Just Rural Anymore / TH-316
- Toys and Tools: New Devices and Products in Emergency Care / TH-317

MO = Monday TU = Tuesday WE = Wednesday TH = Thursday
