Stroke Deadline is March 31, 2022
Opioid Deadline is EXTENDED: February 21, 2022

Pioneers in Quality 2021-2022 Expert to Expert Series eCQM Annual Update Webinar: Stroke/Perinatal Care (PC-05 Exclusive Breast Milk Feeding) eCQMs

January 18 2022 -- 60 min session (1 CE)
Time -- Noon ET; 11am CT; 10am MT, 9am PT

Session Description and Objectives

The Expert to Expert webinar series provides a deep-dive into measure intent, logic, and other clinical/technical aspects of eCQMs to assist hospitals in their efforts to improve data use for quality improvement. This webinar series addresses the eCQM Annual Updates for 2022 eCQM implementation. The webinar series incorporates content from The Joint Commission, Centers for Medicare & Medicaid Services, and Mathematica. Common questions from JIRA and other sources will be addressed. Additionally, participants will be able to ask questions during a live Q&A session.

This webinar will address the Stroke (STK) and Perinatal Care (PC-05 Exclusive Breast Milk Feeding) eCQMs. At the end of this session, participants will be able to:

- Apply concepts learned about the logic and intent for the STK and PC eCQMs,
- Prepare to implement the STK and PC eCQMs for the 2022 eCQM reporting period, and
- Identify common issues and questions regarding the STK and PC eCQMs

Register for the January 18, 2022 STK and PC-05 eCQMs Webinar via this link:

Quality Tip of the Month

"Establishing an opioid quality improvement project in your ED can reduce the numbers of opioid prescriptions given."

- Scott Weiner, MD, MPH, Brigham and Women's Hospital
