

Vituity Bios

Kimberley Lopez, RN, MSN

Kimberly Lopez is the Director of Acute Psychiatry and Neurology, overseeing the operations of both practice lines. She leads the development and implementation of Crisis Stabilization Units (CSUs), as well as develops measures to improve compliance with stroke metrics. She has over 20 years of experience in leadership, nursing, and consulting serving as a liaison between nurses and physicians, monitoring Centers for Medicare & Medicaid Services (CMS) quality metrics and implementing process improvements.

Tamara Longo RN, MHI, NE-BC

Tamara is a Behavioral Health Specialist/Clinical Educator, Vituity Transformation. Her clinical background includes psychiatric nursing inclusive of roles in nursing management, case management, managed care coordination, and care coordination. Her clinical operations role includes developing and leading a patient-focused transfer center and facilitating emergent patient admissions to hospitals providing needed specialty services. She continues support of the Acute Psychiatric Practice Line as a consultant to psychiatric nurse leaders. In addition, Tamara is a member of Vituity's Emergency Psychiatric Intervention team, facilitating training of ED teams to expedite care of patients experiencing psychiatric crisis. Tamara obtained a Bachelor of Science in Nursing and a Master of Science in Healthcare Innovation from Arizona State University.

Gregg Miller, MD FACEP FAAEM

Dr. Gregg Miller is the Chief Medical Officer of Vituity, a medical group of more than 3,500 clinicians that treats 6.5 million patients annually across the United States. In his role as CMO, he oversees programs related to quality, education, risk and clinician wellness. He is a graduate of UCSF medical school and did an emergency medicine residency at Harbor-UCLA. He finished an administrative fellowship with Vituity soon after residency and served as the medical director of several emergency departments. Prior to his role as CMO, he was a Director of Quality and Performance for Vituity, focused on ED operations. He also serves on the Washington state board of the American College of Emergency Physicians. He currently practices in an emergency department north of Seattle, Washington and lives with his wife and two children.

Devika Roy, MPH

Devika Roy works as an Operations Consultant on Vituity's Psychiatry and Neurology team. She is responsible for leading successful contract implementation, maintaining client partnerships, and optimizing site operations to ensure optimal patient health outcomes are achieved. Devika has 10+ years of experience working across the healthcare continuum, including several years as a pediatric researcher at the David Geffen School of Medicine at UCLA. She obtained both a Bachelor of Science (B.S.) in Physiological Science and Master of Public Health (M.P.H.) at UCLA.

Seth Thomas, MD, FACEP

Dr. Seth Thomas is an emergency physician and Director of Quality and Performance at Vituity. He earned his medical degree from Albany Medical College in New York and completed his residency training in emergency medicine at Loma Linda University Medical Center. Dr. Thomas lives and works clinically near Sacramento, CA and has special interest in facilitating improvement in Emergency Department operations, flow and efficiency. Dr. Thomas also has a passion for emergency psychiatry and as a result, dedicates much of his time to the development and implementation of local, regional and national solutions like Emergency Psychiatric Intervention (EPI) to help address challenges involving medical clearance, risk assessment and ED rapid treatment algorithms.
