

## Final Objectives 2022-23

### Clinical Emergency Data Registry Committee

Chair: Donald L. Lum, MD, FACEP

Board Liaison: Rami R. Khoury, MD, FACEP

Staff Liaison: Pawan Goyal, MD, MHA, PMP

#### Steering

1. Work with the EMDI Governance Team to develop short and long range plans for the registry.
2. Participate in the understanding of existing and future government rules and regulations driving the registry and measures process, related to MACRA, MIPS, and APMs and the impact they have to EMDI/CEDR and Emergency Medicine.
3. Work with the Quality & Patient Safety Committee to review the policy statement “Clinical Emergency Data Registry Quality Measures” per the Policy Sunset Review Process. (Quality & Patient Safety is the lead committee.)

#### Data Validation

4. Support EMDI in developing:
  - Processes that result in cleaned, and deidentified data for research
  - Ad hoc responses to government requests
5. Support the quality measure development lifecycle by providing feedback on existing quality measures and supporting testing efforts for new quality measures.
6. Provide feedback on quality measure concepts developed by the Quality & Patient Safety Committee.
7. Support the quality measure requirement in relation to value-based payment models (AACM and AUCM models).
8. Respond to CMS requests and engage with other emergency medicine groups/registries on specific measures and requests from other specialty registries on overlapping measures (e.g., radiology)

#### Research and Publication

9. Leverage the Clinical Emergency Data Registry (CEDR) data for clinical research by developing a governance structure for future RFP for research proposals utilizing the CEDR dataset and establishing norms for CEDR dataset use for research.
10. Produce report summarizing CEDR/EMDI variables, summary statistics, and trends

#### Marketing and Member Outreach & Education

11. Provide oversight and update short and long-term CEDR marketing plans, including marketing and outreach related to CEDR next generation platform implementation.
12. Develop and implement a participant experience improvement plan informed by the survey and interviews to improve the CEDR customer experience.
13. Provide outreach communication and education for ACEP groups and members to assist them to achieve exceptional performance for reimbursement within the evolving Quality Payment Program and educate members on the value of CEDR beyond MIPS.
14. Complete development of an information paper on the value of quality measure development, testing, and implementation, and opportunities for the next generation digital platform. Obtain input from the Quality & Patient Safety Committee. (Clinical Emergency Data Registry is the lead committee.)
