

American College of
Emergency Physicians®

ADVANCING EMERGENCY CARE 

POLICY STATEMENT

Approved June 2018

Resident Training for Practice in Non-Urban/Underserved Areas

Revised June 2018 with
current title

Reaffirmed April 2012,
October 2006

Originally approved
June 2000 titled “Resident
Training for Practice in
Non-Urban Areas”

The American College of Emergency Physicians (ACEP) endorses Medicare funding to train residents for practice in non-urban and underserved areas and encourages an RRC-EM pilot or demonstration project to train emergency medicine residents to practice in non-urban and underserved areas.
