

American College of
Emergency Physicians®

ADVANCING EMERGENCY CARE 

POLICY STATEMENT

Approved June 2018

Resident Training for Practice in Non-Urban/Underserved Areas

Revised June 2018

Reaffirmed April 2012 and
October 2006

Originally approved by the
ACEP Board of Directors
June 2000

The American College of Emergency Physicians (ACEP) endorses Medicare funding to train residents for practice in non-urban and underserved areas, and encourages an RRC-EM pilot or demonstration project to train emergency medicine residents to practice in non-urban and underserved areas.
