

W. Frank Peacock IV, MD, FACEP, FACC

Professor of Emergency Medicine, Associate Chair, and Research Director for the department of Emergency Medicine at the Baylor College of Medicine, in Houston, Texas. He serves as a member of the Accreditation Management Board for the American College of Cardiology, as well as on the Get With The Guidelines Science Subcommittee of the American Heart Association.

With over 500 peer reviewed publications, predominantly on heart failure and acute coronary syndromes, Dr. Peacock is also the co-editor of the textbooks Cardiac Emergencies, Short Stay Management of Heart Failure, Short Stay Management of Chest Pain, and Short Stay Management of Atrial Fibrillation.

Dr. Peacock is the 2004 and 2010 winner of the Best Research Paper Award from the American College of Emergency Physicians. He continues to serve as PI or co-PI for many high profile national and international clinical trials. His research focus is all aspects of cardiovascular emergency medicine. He is also the founder of Comprehensive Research Associates, LLC, a contract research organization and Emergencies in Medicine, LLC, a medical education company. Finally, Dr. Peacock received his medical degree from Wayne State University Medical School and completed his Emergency Medicine training at William Beaumont Hospital, Detroit, Michigan.
